DYNAMIQUE & MODULAIRE

Pensée par notre StudioDesign, ZELIE reflète l'image d'un espace d'accueil ou de détente dynamique. Ses formes géométriques, sa large palette de finitions, ses bornes de recharge et ses roues permettent des configurations personnalisées pour rendre l'espace unique.

DYNAMIC & MODULAR

Designed by our StudioDesign, ZELIE reflects the image of a reception room or dynamic relaxation area. Its geometric shapes, its wide selection of finishes, its charging points and its wheels allow for bespoke configurations making the space unique.

DYNAMISCH & MODULAIR

Uitgedacht door onze StudioDesign, weerspiegelt ZELIE het beeld van een ontvangstruimte of van dynamische ontspanning. De geometrische vormen, het brede scala aan afwerkingen, laadpalen en wieltjes voor verplaatsing maken aangepaste configuraties mogelijk om de ruimte uniek te maken.
